Buyung Abadi

Senior WordPress Engineer | 10+ years

Magetan, East Java, Indonesia (Remote, GMT+7) • buyung.abc@gmail.com • +6282231526095
linkedin.com/in/buyung-abadi/ • Available for Remote / Fractional Roles

PROFESSIONAL SUMMARY

Senior WordPress Engineer with 10+ years of experience building, maintaining, and optimizing custom WordPress websites and web applications.

I take production responsibility: fixing hacked sites, plugin chaos, and slow websites that cost revenue, not just installing themes or plugins.

Specialized in custom themes and plugins, PHP development, performance optimization, technical SEO, and production troubleshooting.

Experienced in e-commerce development, technical project coordination, and Magento 2 team leadership.

CORE EXPERTISE

WordPress Engineering	Performance & SEO	Leadership & Rescue
Custom WP (Hooks, Filters, WP_Query) Custom Theme Development Custom Plugin Development Website Scaling	Core Web Vitals / LCP <1.5s Technical SEO (GSC, GA4) Security Hardening & Malware Cleanup Cloudflare, Nginx, Caching	Project Manager Site Rescue & Audit Team Coordination (Asana, Git) Magento 2 Leadership

EXPERIENCE

WordPress Engineer & Project Manager | Self-Employed (Remote) — Apr 2020 - Present • 5+ Years

- **TigitMotorbikes.com (Magento 2) :** Led Magento 2 devs to rebuild custom e-commerce platform. Scope: rental system, booking management, custom checkout, POS, inventory sync. Result: Improved website performance and scalable features
